## **About RELIEF Foundation**

Founded in 1998, Relief Foundation was set up with the aim to prevent the exploitation of children, by working with Governmental systems of rescue, rehabilitation and restoration of children. The insights gathered during the years have all pointed to the need for safe, accessible, and engaging learning spaces for children. Today, we run two Montessori rural resource centres with internationally trained adults for children between 1½ and 6 years. It also covers their families apart from other outreach activities that are aimed towards community development. Sowing such seeds of change are aimed towards prevention of Juvenile Delinquency and migration of people from rural to urban areas in search of jobs. Our work is to strengthen the hands of village people

**Our Mission**

We believe that safe schools, caring relationships, challenging experiences, opportunities for voice, choice and contribution promote positive student development. We can empower teachers to be facilitators of knowledge and more, that they can also be encouraging and nurturing adults in children's lives. Strengthening communities is at the heart of making children feel safe. Today, our small team of educationists, corporate professionals and activists bring their unique experiences towards the one common agenda of improving the future of our children's education.

**Our projects**

CASCADE Montessori Rural Resource centres:

- Existing:
  - o Jamunamarathur in Javvadu Hills, Thiruvannamalai district of Tamilnadu
- Needing expansion
  - o Vallambudukuppam, Gummidipoondi Taluk, Thiruvallur district of Tamilnadu
